

## OPENING ANIMATED TEXT VIDEO

This video uses phrases about love from classic love songs. It's objective is to provoke thought and set the table for where the rest of the service is going. The statements themselves are things you would hear in conversation or pop culture; not Biblical truths.

## INTERVIEW VIDEOS - EXPERTS

This video will feature snippets from some of the "experts" featured on the small group dvd.

## YOU WERE THE ONE

After the video we'll welcome everyone, give some context for the song we're going to do and invite people to experiment with Jesus by singing these prayers or engage with them by considering the lyrics.

## INTERVIEW VIDEOS - BRENDA

Story of a woman who suffered the loss of grandchild, spent 3 years mad at God before finally receiving how much He loves her.

## BRIAN TOME

Brian's message will focus on receiving the Love and sacrifice of Jesus. He'll talk about Romans 8:15-17 and how God makes us the offer of adoption into His family through the saving grace of Jesus.

ADOPTION CERTIFICATE - When people first walk into the auditorium, they will be handed an sealed piece of paper. At a point in Brian's message, he'll have everyone break the seal and fold open the paper. It will be an "adoption certificate." Through the content of Brian's message people will hear about the metaphor of adoption and hear that they are offered adoption - whether they want it or not, or feel that they deserve it - everyone is offered adoption; but you have to agree to it; you have to receive it.

## REVEAL YOURSELF WITH VIDEO

This song is a prayer that people will sit under as they consider receiving their offer of adoption. It'll have an accompanying video featuring the lyrics to the song projected over close up shots of people.

## REST OF SERVICE (+ LEAD ME TO THE CROSS)

At the end of the song, Brian will walk people through filling out the adoption certificate and bringing it to the stage where a volunteer will help they seal it with a thumb print - one of the highest forms of legal agreement. The papers will have a carbon copy which the volunteer will tear off and collect. The person will go back to their seat and the carbon copy will be nailed to a cross onstage to signify that the payment for adoption has been received in full; it's done. While this is happening, the band will play the song, Lead Me to the Cross. They may also go back into any of the other songs from the service and Brian may interject with more teaching, encouragement, etc.
